## EXPERIENCE

### Senior Frontend Developer

#### Whitehatjr

October 2020 – Ongoing Mumbai, Maharashtra

- Working on registration flow, improving retention of leads of users sign in.

### Senior Frontend Developer

#### Meesho

March 2019 – October 2020 Bangalore, Karnataka

- Wrote the architecture of the website meesho.com, a server side rendered react app which generates more than 5 million unique pages of products for SEO.
- Focussed on bringing webviews to near native speed as compared to android views, supporting older Android OS.
- Created a logo generator which got scaled to a million users seamlessly. The architecture was based on serverless designs.

### Software Engineer

#### Rubique

Oct 2017 – Feb 2019 Mumbai, Maharashtra

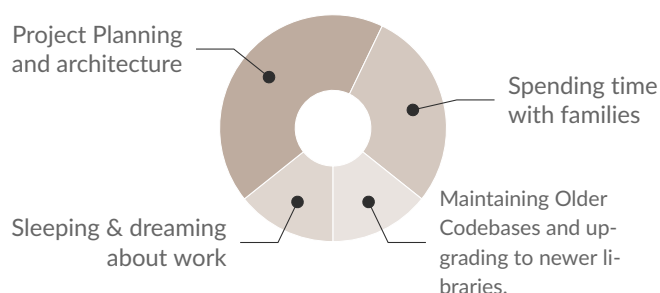

- Managed project to meet design needs of the UX Team.
- Migrated the project from a php/jquery site to a react redux based site.
- The project was a large scale project with 6 Devs, 2 Designers and a PM.
- Implemented PWA and Adaptive design on the website and made the app work offline first.

### UX Developer

#### Nowfloats

June 2016 – Sep 2017 Hyderabad, Telangana

- Wrote a project webform from scratch and started providing services for it's initial customer base.
- Learnt react and taught to my entire team about it and helped them write the configuration and architecture of new react projects in company.
- Added support for 3rd party APIs (Twitter, Facebook, Instamojo payments).
- Wrote microservices in python for url screenshot in lambda.

## LIFE PHILOSOPHY

"Once you start working on something, don't be afraid of failure and don't abandon it. People who work sincerely are the happiest."

## SIDE PROJECTS

#### Freelance

cloudstree.com  
moviechill.netlify.app

#### Design

dribbble.com/arindampradhan

#### Opensource

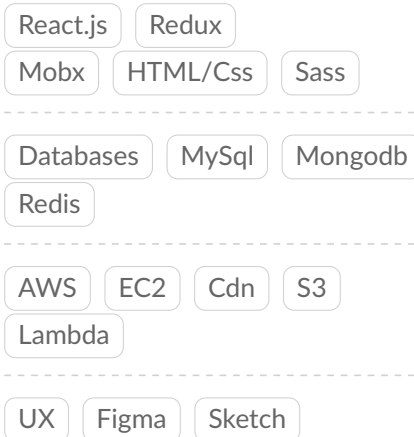

resume.github.io/?arindampradhan  
Contributed to Openhatch a python based organizations in my college.

#### Hackathons

Won internal hackathons in meesho and nowfloats.
