EXPERIENCE

Sr. Software Engineer (Level-III)

Zeta

March 2021 – Ongoing Bangalore, Karnataka

- Led a 4-member team, overseeing 10 projects supporting various merchant centers for a diverse clientele.
- Our clients range from different banks in India to MNCs like Sodexo, for which we make software for their merchants. I was eventually involved in a handover of those projects to Accenture.
- Currently spearheading the development of a component design system library to facilitate seamless dashboard creations for our company.

Senior Frontend Developer

Meesho

March 2019 – October 2020 Bangalore, Karnataka

- Designed architecture for meesho.com: a server-side rendered React app generating 5 million+ unique SEO product pages, serving 20 million Indian users.
- Prioritized optimizing web views for near-native speed on Android, ensuring backward compatibility with older Android OS versions.

Software Engineer

Rubique

Oct 2017 – Feb 2019 Mumbai, Maharashtra

- Successfully orchestrated the seamless migration of the project from a PHP/jQuery site to a cutting-edge React Redux-based platform, effectively overcoming design challenges.
- Involved in a large-scale project with 6 Devs, 2 Designers, and PM. Implemented PWA, Adaptive Design(different design in mobile and web), and offline-first functionality.

UX Developer

Nowfloats

June 2016 – Sep 2017 Hyderabad, Telangana

- Independently developed and launched a dynamic web form project, catering to the needs of a growing customer base.
- Acquired expertise in React and took the initiative to train the entire team, guiding them in configuring and architecting new React projects for the company.
- Wrote microservices in python for URL screenshot in lambda.
